Teaching Culturally, Linguistically Diverse & Exceptional Learners program

UX PROJECTS

UX Designer - Wordminder

| Uppsala University Project
STOCKHOLM, SE AUGUST 2023 - IN PROGRESS

- Problem: Adult language learners with learning challenges had difficulty structuring their time, leading to inconsistency in vocabulary training.
- Process: Defined user needs in interviews; created user flows and personas, lo-fi and high-fi wireframes; conducted rapid prototyping and usability testing.
- Solution: Designed a responsive web app offering customizable study reminders to help language learners become consistent in their vocabulary training.

UX Designer - Sprout

| CareerFoundry Project
STOCKHOLM, SE OCTOBER 2022 - JULY 2023

- Problem: Gardeners were in need of help from local experts who understand the challenges in their area.
- Process: Multiple rounds of user testing and preference testing followed by iteration resulted in improved usability, user engagement and interest.
- Solution: Designed a responsive web app offering live consultations with local master gardeners.

WORK EXPERIENCE

English Language Teacher

| Ebba Braheskolan
NACKA, SE JUNE 2019 - JUNE 2022

| Campus Manilla
STOCKHOLM, SE NOVEMBER 2016 - JUNE 2019

| Vasa International School of Stockholm
STOCKHOLM, SE JANUARY 2013 - JUNE 2016

- Designed a new curriculum by empathising with students while adapting and continuously iterating instruction to meet their needs.
- Led project-based lessons by managing resources, students and deadlines and collaborated with stakeholders to problem-solve solutions for students.
- Increased student learning, motivation, and engagement by making materials/presentations accessible and inclusive.
