Experience

UX designer (Freelance)

July 2023 — present   Stockholm

Designed two responsive web apps independently. Conducted user research and usability testing. Ideated low- to hi-fidelity wireframes and prototypes in Figma and iterated designs. Solved user pain points while meeting the needs of all stakeholders.

English Teacher

Aug 2019 — June 2022   Ebba Braheskolan, Stockholm

Designed inclusive curriculum for English learners. Analyzed qualitative and quantitative data to inform instruction. Led and presented engaging lessons daily. Worked independently and on a team.
